SLOW

Coming Into the Treasury of Needful Cash

Is Causing Uneasiness Among the Faithful

General Dick Called Brethren Into a Conference Yesterday.

Ohio Miners are Contributing Liberally Toward the Assistance of the Striking Miners in the Anthracite Field.

Columbus, O., Oct. 11.—(Special) State Chairman Dick, Auditor of State Guilbert and other prominent Republicans held a long conference yesterday afternoon behind closed doors. They refused to divulge what the conference was for or what they discussed. It is rumored that contributions to the campaign expenses are not coming in as desired, in fact they are very slow and in very small amounts and the committee may close the campaign in debt, as it has before, on several occasions. The Democratic committee is also having some trouble about its contributions. Thinks it Will Soon Ehd.

During Senator Foraker's brief stay in the city, between trains, he expressed the belief that the anthracite coal strike would soon end. He said that unlike 1892, when the great Homestead strike disturbed the people, the question now is not one in regard to the tariff but simply that the miners do not believe that they are getting all the good things provided by a Republican tariff policy. Senator Foraker's curious remarks on the trusts and the miner's strike have been a sort of an enigma to the Republicans and many of them fail to really understand the senior senator.

Did Not Create a Ripple. The pardoning of the Taylor women by Governor Nash hardly raised a ripple, and the complacency with which it was received by the public is but another evidence of the changing changeableness of the American people. A few months ago, when they were brought to the penitentiary, and it was intimated that the governor would pardon them, a great wave of protests swept over the state and the governor was condemned on every hand. The public has now lost interest in the case, and the pardon was received without any comment.

Liberality of Ohio Miners. The Ohio miners are contributing through the local and state organizations nearly \$100,000 a month towards the strike fund for the anthracite miners. This amount includes the regular 10 per cent levy, which is collected by the state organization and the assessment of 10 cents on every dollar earned by the members. The men are paying the assessment willingly, and President Hawkins says they stand ready to double the assessments if necessary.

The miners officials are arranging for a series of mass meetings to be held in various parts of the state, particularly in the Hocking district. Tuberculosis Commission Organized. The tuberculosis commission appointed by Governor Nash has organized by electing Hon. J. H. Outwater of this city, president, and J. Warren Smith, secretary. The commission will inquire into the proposition to establish a sanitarium for the treatment of tuberculosis patients and the effect of climate on the disease.

Revoked an Extradition Warrant. Governor Nash has revoked the extradition warrant issued some days ago to the sheriff of Hamilton county, sending Henry W. Hees to Indiana on an embezzlement charge. It was found that Hees is in business in this city.

Want to Lease Berma Bank. The state canal commission has received from J. M. Wade, of Waverly, an application to lease a tract 300 feet out of the canal bank there for a water wheel, and one from John Morrison for 500 feet of the same bank for a water wheel on an electric railway.

NEW TEMPLE

Of Justice is Dedicated in Detroit.

Michigan Metropolis Very Proud of Her Fine New Court House.

Detroit, Mich., Oct. 11.—All day ceremonies of a most elaborate character marked the dedication today of the new Wayne county court house. The participants included leading lawyers and jurists from all parts of Michigan, state officials, representatives of the Supreme Court of the United States and of the United States Circuit Court. General Henry M. Dufield presided and the invocation was delivered by Bishop Davies. Mayor Maybury welcomed the visitors and there were brief addresses by Justice Brown, of the United States Supreme Court, Hon. James L. Blair, of St. Louis, Hon. Charles Fitzpatrick, K. C., minister of justice of the Dominion of Canada, and others.

COLLAPSE

Of New Building Injured Five Men,

One of Whom, it is Alleged, Has Met His Death.

Walls of the New Hotel Otzgo, of Jackson, Mich., Suddenly Caved in With Bad Results.

Jackson, Mich., Oct. 11.—At 8:30 o'clock this morning the west wall of the new Hotel Otzgo, which is being built on the site of the old Hibbard house, collapsed. Eight masons, four laborers and mayor Samuel Pickles, the contractor, were on the fourth floor when the collapse came. Eight of the men saved themselves but five men went down with the wreckage, four floors to the ground. The four men are now at the city hospital and one, Henry Giltner is in the debris at this writing. Giltner is undoubtedly dead.

STRUGGLE

Between Agrarian Party and Government,

May Result in the Abandonment of the Tariff Bill in Germany.

Berlin, Oct. 11.—There is a general belief here that unless the government can break down the Agrarian opposition or come to terms with it before the Reichstag resumes its sessions next week, the tariff bill will have to be abandoned. The situation is regarded as serious. It is pointed out that if the government yields on this question now, after all the protestations of its ministers its position will be deplorable in view of the certain consequences at next summer's general election.

ILLNESS

Of Mrs. Sarah McCaney Terminated by Death.

Mrs. Sarah McCaney, of 927 Linden street, died at 5 o'clock this morning, death resulting from diabetes, after an illness of three weeks duration. The deceased was aged 43 years, 10 months and 4 days, and is survived by six children. Funeral will be held from the residence at 10 o'clock Monday.

NEWS NOTES

Of Interest Concerning the Gospel Regiment.

The Boy's Gospel meeting was well attended last Sunday owing to the very bad weather. The boys think they would not be very brave soldiers unless they would be able to shoot a little bad weather. The attendance was 107. Tickets were issued for the fourth quarter of 1904. All new members coming in will please present themselves at the recruiting sergeant's desk, and be mustered for his company and have ticket made out for same. Dr. J. L. Hudson gave the boys a very fine talk last Sunday. They are well pleased with him as a speaker, and asks their leader to engage the doctor for another talk. It was decided on last night that the boys of the Gospel Regiment will be mustered on the 11th of November. The regiment will be mustered on the 11th of November. The regiment will be mustered on the 11th of November.

A FLEXIBLE BOARD PLAN

Such as is Demanded by Boss Cox Will be Adopted.

Students of Constitutional Law Insist That This Will be Special Legislation and Therefore Unconstitutional, and Will be So Declared by the Supreme Court.

Columbus, O., Oct. 11.—(Special)—In the adoption of the flexible board plan it is claimed that the legislature will enact into the code that which is unconstitutional. The claim was made all along by the members that the decision of the supreme court which threw all the laws into a state of chaos meant that the laws must be uniform; that special privileges could not be given to one city, or allowed one city that was not allowed to all; that all municipalities of the same class must be governed alike. The flexible board plan, which is a victory for George B. Cox, permits Cincinnati to have a board of five members, exactly what they have and insist on continuing, while other cities will adopt a three board plan because of the expense attached to the five membership plan. Close students of the constitution insist that this is unconstitutional, and that the supreme court will so rule when the matter is brought up to that tribunal, and the result will be that the next legislature will have to correct the mistakes of the extra session which was called for the expressed purpose of correcting the mistakes of the previous session. In effect, this flexible board plan, it is claimed, is a sort of species of the special legislation which a municipal code aimed to correct. Even though many of the members are opposed to this flexible board plan when the committee reports the bill back they will swallow their wrath, another their objections, and vote for the bill as reported by the committee, for the reason that many of the members are very anxious to get home. They are at last becoming weary, restless, and not much more time will be spent in considering the code bill, but they will take whatever the committee reports and let the supreme court decide the points at issue as it did before.

POCKET MONEY FOR BIG LEAGUE STARS.

Start on Tour Over Country Until Next Season's Salary Begins.

Chicago, Ill., Oct. 11.—Following a custom that has prevailed since the early 80s a number of prominent players of the National and American baseball leagues have organized two clubs to go on tour this winter with a view to providing pocket money until the first salary advance is forthcoming for the season of 1903. The players are booked to make their debut here tomorrow, playing two games. The industrious advance agent has mapped out a long routine that will extend as far as the Pacific coast and include games at Cedar Rapids, Des Moines, Sioux City, Kansas City, Topeka, Denver, Colorado Springs, Santa Fe, Albuquerque, El Paso, Phoenix, San Bernardino, Los Angeles and a number of other cities.

DAUGHTER'S HONOR WAS IN QUESTION

And the Outraged Father Resorted to Desperate Measures.

New York, Oct. 11.—About midnight James Lynch shot Joseph Morse, the proprietor of the Raines Law Hotel in Williamsburg, Morse, although married and the father of four children, won the affections of Lynch's daughter Mary, 25 years old, and has been living with her. Last night Lynch went to the hotel and demanded his daughter. Before Morse could escape he fired at him. The bullet struck Morse in the lower end of the spine and pierced the kidneys. He was taken to the hospital where the doctors pronounced his condition critical. Lynch was arrested.

Nothing Tastes Good

And eating is simply torture—done because it must be. This is the common complaint of the dyspeptic.

If eating sparingly would cure dyspepsia, few would suffer from it long.

The only way to cure dyspepsia, which is difficult digestion, is to give vigor and tone to the stomach and the whole digestive system.

Hood's Sarsaparilla cured the niece of Frank Pay, of N. St., South Boston, Mass., who writes that she had been a great sufferer from dyspepsia for six years; had been without appetite and had been troubled with sour stomach and indigestion. She had tried many other medicines in vain. Two bottles of Hood's Sarsaparilla made her well.

Had She Received Justice

But the First

Proved to be Not to Her Liking.

She Married the One and the Other Helped Her to Get Rid of Him.

A Day of Divorces in Which a New Case is Filed and Two Wives Have Their Troubles Removed.

Divorces had a box seat at the court house today, two applications being heard, and one filed. In both of the cases submitted, the evidence was such as to preclude any idea of refusal on the part of Judge Cunningham, acts of adultery and a condition of habitual drunkenness being proven beyond a doubt.

Short Lived Happiness.
Hugh D. Clark, was married to Margaret C. Clark, May 7, 1902, and it took just five months to prove to him that Mrs. Clark had not profited by her first experience as the petitioner shows. Mrs. Clark had been married once before to Lowell Clippinger, and as the result of the union two children were born, one aged 11 and the other 9. It was the abuse of the youngest child that led to the exposure of the defendant's conduct as a dutiful wife.

Mr. Clark recites that the child in question had remained away from home a few minutes longer than the mother had designated, and a severe whipping followed. When the stepfather interfered and took the child away, Mrs. Clark is said to have become enraged, and attacked her husband with a butcher knife, cutting him severely in the hand and arm. The act is described as one of extreme cruelty and he asks for a divorce.

Adultery Proven.
Anna M. Bartholomew proved to the satisfaction of the court that her husband, Ellis Bartholomew, had been living in a state of adultery at Maumee City, a decree of divorce and alimony were granted.

Attorney C. J. Brotherton, representing Thibbe B. Justice, succeeded in getting a divorce from James E. Justice, on the ground of habitual drunkenness. The plaintiff's mother testified that she had raised the children during the two years in charge for a period of twelve years, and during that time, had received but \$10 from the father. A married lady, living next door, testified to having seen James come home frequently in an intoxicated condition and Mrs. Justice's

prayer for a divorce and custody of the children was granted.

WHAT IS IT?

Here's a Study for the Mycological Society.

A queer specimen of the fungus growth and one which will interest Lima's Mycological society was found under a sidewalk in Toledo at the residence of O. F. Smith. It was about a foot in length, the upper section being the size and shape of a banana. This banana-shaped section was hollow and of pure white. Below this was another growth closely resembling the finest white silk lace. This lace section was three inches wide and covered a brown ball, another section beneath. To the many spectators who viewed the growth during the evening, this lace-like section was the most mysterious. Under the brown ball was another growth in the shape of three disks, yellow in color. Under the disks was another growth in the shape of an orange, the color of the ball being of pure white. Underneath this ball were a few tiny roots, while within was a transparent jelly-like substance giving out a very offensive smell. For several days this smell had been in evidence and it became so offensive that Mr. and Mrs. Smith decided at once to make an investigation of the premises. After a search the fungus growth was finally located under the sidewalk directly under a point where water falls from the roof. After being viewed by many people at the Smith home last evening, the curiosity was taken to Von Ewegen's drug store, where it was again viewed by many who chanced to pass by.

GRADING

Progressing Steadily on the Lima-Ft. Wayne Line.

Work of grading the roadbed of the Ft. Wayne, Van Wert & Lima Traction company's line was commenced west of town on the Reed property, yesterday morning. There is another gang at work east from Monroeville. Work will be pushed on this new road so that cars will be running with as little delay as possible. The contractors now think that cars will be running by the first of next May.—Van Wert Republican.

TERMINAL

Connection Secured for Belt Electric Railway.

Tacoma, Wash., Oct. 11.—Though the terminal objective points of the proposed Belt Electric Railway have been kept something of a secret, it has developed that one of its lines from Tacoma, at least, will be extended to Shelton, Wash. American Express, this terminal connection will be made by belt with Olympia, giving a quick and direct service between Tacoma and the capital city.

WANT

An Extension of Franchise

If They Pay

For a Portion of the Paving.

Proposition Received by North Main Street Property Owners

From President Mayer, Who Wants to Extend the North Main Street Tracks to the Corporation Line.

The owners of property abutting on north Main street, north of the P. Ft. W. & C. right of way, held another meeting at the north side hose house last night to discuss the proposition recently launched to pave that portion of the street from the P. Ft. W. & C. to either O'Connor avenue or Robb avenue.

A communication from President Mayer, of the Lima Electric Light and Railway Co., to superintendent Bendure was read. Mr. Mayer stated that the franchise under which the north Main street line is being operated does not require the company to pay anything except a very slight portion of the paving but that if the property owners would sign a petition for the extension of the company's franchise from its present terminus to the corporation line at Robb avenue, the company would agree to pay for the paving between the tracks and that eighteen inches on each side of the tracks.

It was decided at the meeting that petitions for the paving and the extension of the street railway line would be prepared and circulated at once and the following interested parties were appointed to take charge of the petitions:

From P. Ft. W. & C. to McKibben street, east side—William Miller and James S. O'Connor. West side—Wm. Wenner and Fred Walther.

McKibben street to Haller street, west side—Charles Herbst and John Dimond. East side—Messrs Ashton Gartin.

Haller street to Grand avenue, west side—John Bland and John Longmire. East side—John Kelly and Patrick Leahy.

Grand avenue to Murphy street, west side—John McClelland and F. Buckhouse. East side—Wm. Baker and John Lovitt.

Murphy street to O'Connor avenue, west side—John Killoran, James Ryan and F. McCloskey. East side—Frank Smith and John O'Connell.

The Big Boss

Will be in Lima Next Tuesday.

Advocate of Perpetual Franchises Invites Himself to Lima.

Local Bosses Thrown Into Consternation and Confusion by the Call of the Coal Trust Man, Hanna.

The Republican brethren of Allen county are in a quandry today to know what to do. Chairman Lou Ashton, of the county executive committee, received a message this morning from one of the state bosses announcing that Senator Hanna and party would be in this city next Tuesday, from 10 o'clock a. m. until 4 o'clock p. m., and Lou immediately fell in a faint. The Republican executive committee had not asked that Hanna be sent here, and the fact of the matter is they did not want him to come to Lima. The factional complexion of the local Republican ticket and the general feeling of antagonism against Hanna and his fellow members of the coal trust on account of the coal strike situation makes the members of the Republican committee realize that it is far from an expedient move to have the multi-millionaire statesman brought to Lima at this time.

After receiving the message announcing the coming of the big boss, Ashton conferred with Charley Rumbaugh, George Hall, Art Morris, Mayor Rogers and Sam Vertner, and they decided that something would have to be done with the coal trust-perpetual-franchise man and his party on their arrival so they fixed it up with an arrangement to take the party to the Lima house on its arrival and then hand them over to the opera house for an hour's spell binding act after dinner.

Hanna himself seems to be the chief star of the matinee aggregation, for the boss who sent the telegram to Lou Ashton did not give him the names of any of the members of the party. Simply saying that the big perpetual franchise man and party would be here, and consequently all the half sheet and three sheet stands will have to be plastered with nothing but, "Hanna," "Hanna," "Hanna." Senatorial representative of the Coal Trust.

Will Give a Free Lecture in Lima, Ohio, Tuesday, October 14, 1902, on the Subject of "Political Poker," or "When to Stand Pat" And Raise the Price of Coal."

CHLOROFORM

Alleged to Have Been Used by Gee

On the Man He is Charged With Having Robbed.

Prisoner Taken Back to Sidney by Marshal O'Leary — Clinton Cross Pleads Not Guilty to Criminal Assault.

Albert Gee, the colored man who was captured here yesterday by policeman Armstrong, being wanted at Sidney on a charge of having stolen \$122 and a gold watch from his employer, was taken back to the Shelby county city by marshal O'Leary, last evening. It is alleged that Gee used chloroform on his employer, while the latter was asleep, and then robbed him and got away from Sidney, starting for this city, before the victim regained consciousness.

Pleads Not Guilty.
Clinton Cross, the youth who was arrested on a charge of having criminally assaulted a four-year-old child, was arraigned in mayor's court this morning. He pleaded not guilty and the case was set for a preliminary hearing next Tuesday morning at 8 o'clock. The boy is still confined in the county jail.

POWER
Kind of a Joke Played on J. W. Isham.

Gold Watch was Stolen and "Soaked" a Year Ago.

And John Fowler Who Did the "Soaking" Claims It Was All a Joke—Fowler Bound Over to Grand Jury.

John Fowler, a carpenter, was arraigned in Justice Reddy's court this morning on a charge of having stolen a gold watch from a fellow workman named J. W. Isham. The alleged theft occurred about a year ago when Isham and Fowler were working together on a new house. Isham's vest was left hanging in the building while the men were at work, and when the loss was discovered, there was no clue to the identity of the thief. A few days ago, however, the missing watch turned up in a local pawn shop, where it had been "soaked" by Fowler.

Fowler pleaded not guilty to the charge and claimed that he had simply taken the watch as a joke, but Mr. Isham thinks a year is most too long a time to carry on a joke of the kind, especially since there has been an attempt made by some one to scratch his name off the back of the watch case.

Justice Reddy bound Fowler over to the grand jury and fixed his bond in the sum of \$100, which he was able to furnish.

CONCESSIONS

Which Had Been Promised Senator Brice

Reported Granted by the Chinese Government.

An Announcement to That Effect Given Out on Wall Street Yesterday, According to a Telegraphic Dispatch.

The following dispatch appeared in this morning's Cincinnati Enquirer: New York, Oct. 11.—Stewart Brice, son of ex-Senator Calvin S. Brice, and who is Secretary of the China-American Development Company, of 39 Wall street, announced yesterday that he had received information officially from Peking that an imperial decree had been issued consenting to the agreement made between the China Development Company, of the one part, and Shong Kung Poo, Viceroy of Chan Chih-Tung of the Hukang Province, and Tao Mu, formerly of the two Kwang Provinces, of the other part, by the terms of which the China-American Development Company will construct its grand trunk railroad line between Canton and Hankow, on the Yang Tse Kiang River, which was projected in 1895 by Engineer Wm. Barclay Parsons and others and for which a concession has been resolutely fought since.

The name of the new road is to be the Yueh-Yan railway, and the line will be made 100 miles long, with branches aggregating at least 200 miles more.

THE LARGEST STORE IN LIMA.
The Newson-Bond Co.

It shows large Assortments and the best selections of everything for the home.

This store was open for business about seven years ago. It was then the smallest store in Lima. By fair dealing, by its always low prices, and by its liberality with the people, it has grown, and grown, and grown, until it is now by far the largest store in Lima.

New Addition.

It has recently moved into a new addition of three large rooms including which, it has now 20,000 square feet of display room, which makes it beyond doubt the largest store in Lima.

Carpets, Linoleums, Etc.

Its carpet department occupies a space of 45 ft. wide and 110 ft. long, making this department by far the largest in Lima, and every inch of it is stocked with the up-to-date and desirable floor coverings of all kinds, that the market affords. It has a handsome, commodious, well lighted, well stocked, lace curtain department that cannot be excelled in the city of Lima.

Stoves and Ranges.

Its stove department occupies a room by itself. The large variety of all kinds of heating stoves, all kinds of cook stoves, and the mammoth assortment of ranges, which stock is made up very largely of the celebrated, well known, and always guaranteed Jewel Stoves and Ranges, makes this not only the best stove department in Lima, but we are told by commercial travelers, the best to be found in Northern Ohio.

Crockery.

The queensware department occupies a floor by itself, and here are kept all grades and all kinds of queensware, glassware and china. Handsomely arranged, cleanly kept, brilliantly lighted, it must be a pleasure for a customer to buy goods in this department.

The four other floors of this store are devoted entirely to the display of furniture. The variety of goods kept here, the neat and commodious arrangement of the stock, with its always low prices, makes it easy and possible for a customer to carefully inspect the goods when placing an order.

Builders are now at work placing for us an entirely new modern, up-to-date store front that will provide us with large and handsome windows. We are especially anxious to become acquainted with what few people there are in Lima, who have not already known us and our liberal treatment. We believe that to know you and for you to know us, would but add another customer to our list.
